

Strategy and Synergy for Security

SOCIETY FOR ELECTRONIC TRANSACTIONS AND SECURITY (SETS)

MGR Knowledge City, CIT Campus, Taramani, Chennai - 600 113

www.setsindia.in

To address the security challenges with remote access infrastructure during the COVID-19 pandemic is need of the hour. Let us keep our work-from-home option to be protected and secure. This is the right time to know exactly how to use these technologies securely. This webinar is a knowledge dissemination effort from SETS team covering the VPN technology security concerns, use cases, and the solutions. SETS Disseminate the Knowledge through Walk-in Cyber Security Education & Research Lab (WiCSER Lab).
